Online Worship: A Panel Discussion of Techie Wisdom

Wednesday, April 14th, 2021
7pm (Online Zoom meeting)

One of the pandemic-revelations for the church has been the explosion of information around online worship experiences. Even as we struggle with physical isolation of our church families, we're learning about the ministry opportunities of live-streaming, video-editing, music recording, and virtual meeting platforms. It hasn't been easy, but in some ways it's kinda forced us to embrace new & exciting ways of sharing in faith community together.

Join us for a hosted panel discussion of Online Worship in our congregations. Our tech gurus bring a wealth of insight & experience, and will share some of their favourite technical tips, tricks, gadgets & software. Perhaps even more importantly, we'll also talk about the faith opportunities that online worship and community may hold for our own congregations and the United Church of Canada.

About our panel:

Cheri Uthe leads the tech team at Mayfair UC creating live-stream worship services. She is also the owner of Faith Productions, a video production company with a specialty in memorials & tributes.

Ken Glover is on the tech team at St. Martins' UC in support of recorded worship services. He has created very helpful how-to videos for Bandlab & St. Martin's recording/video-editing process.

Daryl Woods is in ministry at Grace Westminster UC providing live-streamed worship services. He and the team at Grace Westminster bring experience with a variety of streaming software & equipment options..

"Practically Prophetic" is a new webinar series focused on tools & tips for our UCC ministry together. Think of it as Com-Ed (Community Education) for all: speakers, presentations, and panel discussions related to just about anything & everything in the vibrant faith-life of the church. Oh yeah, we're excited that *Practically Prophetic* is a pretty cool collaboration of Living Skies Region Faith Formation (UCC), *St. Andrew's College*, and the **Centre for Christian Studies**.
